Cod. Fisc. e Part. IVA 11179890964

The purchaser expressly declares to purchase goods only for professional use and not as a consumer.

The seller guarantees the shipment of all those pieces that is damaged due to the use of defective materials and incorrect installation. The warranty includes unlimited demands and intervention on the buyer recommendation, but if the technician does not see any anomaly or malfunction of the product, CFC will charge the costs. The warranty period is about 12 months from the delivery date. The defects must be reported in writing to the seller within eight days of their discovery. For the materials not manufactured from the seller it assumes the same guarantee provided to it by its suppliers. Repairs made by the buyer and third parties without the buyer authorization will void any warranty. The use of non-original spare parts not supplied by the seller and / or its authorized dealers may affect the performance and the efficiency of the machine, whereby the seller does not assumes liability or responsibility for damages caused by their use. The warranty does not cover the regular maintenance and / or the replacement of parts due to normal wear, the costs and risks of the transport, the damage due to an improper utilization or maintenance and the damage due to not conform use to current technical or safety standard, or non-compliance of the instructions about the installation and the utilization.

The warranty is excluded if the serial number or the product model has been modified, deleted, removed and rendered unreadable. Although is not covered in the above listed general sales conditions, are applied Civil Code norms.
